EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Monika Hussell on July 9, 2008.

The application has been amended as follows:

Claims 1-4, 8, 10, 12-20, 28-36, and 38-40 were cancelled.

In claims 45 and 48, ---chloride--- was inserted after "cetyltrimethylammonium".

In claims 45 and 48, [Triton-X] was replaced with ---octylphenol ethoxylate---.

Allowable Subject Matter

2. Claims 21-23, 25 and 41-48 are allowed.

3. The following is an examiner's statement of reasons for allowance: The closest reference of record is Willey et al., US 2001/0008879 A1 as relied upon in the Examiner's Answer of August 24, 2007. The reference is drawn to the use of organometallic compounds in bleaching compositions. The compositions of the Willey reference necessarily comprise these compounds. It is clear from the passage at [0281]-[283] that the organometallic compounds act as bleaching catalysts rather than as actual bleaching agents, regardless of whether the reference refers to them as bleaches. As claims 21-23, 25 and 46-48 are of "consisting" scope and do not call for

the presence of a bleaching catalyst, these claims are allowable over the prior art of record. The reference does not make obvious or disclose the use of sea water, so claims 41-45 are allowable.

The Dow product literature provides basis for applicant to replace the trademark "Triton-X" with "octylphenol ethoxylate".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to the examiner, Dr. John R. Hardee, whose telephone number is (571) 272-1318. The examiner can normally be reached on Monday through Friday from 8:00 until 4:30. In the event that the examiner is not available, his supervisor, Mr. Harold Pyon, may be reached at (571) 272-1498.

The fax phone number for the organization where this application or proceeding is assigned is (571) 273-8100.
